Project: Replicate the functionality of the "El Espectador" website, which provides access to current news.

Objectives:

- ★ Keep the user informed through easily accessible news.
- ★ Find news by cation to make your search easier.
- ★ Offer comprehensive and detailed reports on relevant topics.

User stories

Title: Homepage	Priority: High	Estimate: 6 weeks
User Story: As a user of the page, the viewer, I would like to have a home page with a relevant news story and other relatively equally important ones, this way I can see what's most important at the moment.		
Acceptance Criteria: Since she/he asked for a homepage that, when the user enters the page they will see the main news, this is complex and achievable.		

Title: Latest News	Priority: Medium	Estimate: 4 weeks
User Story: As a user, I would like to have a section of the page where I can easily see the latest news, so I can stay up-to-date with what's happening next.		
Acceptance Criteria: Since she/he is asking for a new section of the page where the user can see the latest news, following these parameters this'd be complex and possible.		

Title: International News	Priority: Low	Estimate: 3 weeks
User Story: As a user of the page, I would like to have a section that allows me to see the most relevant international news, this way I can see what's happening around the world.		
Acceptance Criteria: Since she/he is requesting for a new section, clicking on the "International News" will redirect the user there and allow them to view the most important news from around the world. This is acceptable and possible.
